

SH-400 400mm Chain Actuator

The SH-400 is our heavy duty window control unit specifically designed for vents with large and heavy window frames which require high operating performances.

A new building concept, electronically controlled and easily adjustable at any moment by acting on the grip situated on two sides of the actuator.

Technical Data

Dimensions	1040L x 50W x 40H
Thrust Power	600N
Stroke Adjustable at	100 - 400mm
Traverse Speed	20mm / sec
Voltage Supply	230v 50Hz AC
Absorbed Current	0.5A
Protection Level	IP 30
Chain	Steel, Double
